EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Mr. Greg Feting on 9/21/09. the applicant states that it has not received a response to the traversal arguments and is effectively withdrawing the traversal in a good faith effort to advance the case and without prejudice to pursue non-elected claims in a separate application.
2. By this Examiner's amendment Claims 10-16, 20-40 are cancelled.

REASONS FOR ALLOWANCE

3. Claims 1-2, 5-7, 9, 17, 19 and 41 allowed.

The following is the Examiner's statement of reasons for allowance.

The prior art of record specifically Bloomquist et al (U.S. patent 6,295,133) fails to suggest or disclose the collective features of the invention such as: "saving an original version of each at least one presentation object in the local storage; selecting at least one category_ of blocked errors to be ignored during printing; and if an unblocked error occurs during the rasterization of the at least one presentation object, aborting the rasterization whereby the presentation object will be rasterized during printing and the unblocked error reported" These features along with the rest of the claims limitations would render the claims allowable.
